

KATE CHANG

Multidisciplinary visual and production designer with 10+ years of experience supporting an in-house retail brand. Skilled in translating creative direction into polished visual assets while maintaining brand consistency, production accuracy, and clear cross-functional communication.

EXPERIENCE

Production Artist | Torrid

City of Industry, CA | November 2015 – Present

- Partner with designers, art directors, product teams, and external vendors to translate creative direction into polished visual assets and production-ready artwork.
- Manage high-volume artwork across multiple product categories while maintaining brand consistency, visual quality, and production accuracy.
- Create and present visual boards in Miro for cross-functional and leadership reviews, clearly communicating creative direction, color, and production details.
- Create, refine, and prepare complex visual assets in Adobe Photoshop and Illustrator, including image cleanup, color development, artwork adjustments, and production-ready files.
- Create detailed artwork specifications and communicate clear production direction to external vendors and cross-functional partners.
- Review artwork and production samples to ensure accuracy against approved creative direction, color standards, and quality expectations.

Graphic Designer | Colosseum Athletics

Compton, CA | February 2012 – December 2013

- Created and refined apparel graphics and artwork in Adobe Illustrator and Photoshop based on seasonal concepts and creative direction.
- Supported visual research and mood board development for seasonal concepts and design exploration.
- Prepared, organized, and proofed artwork files for accuracy, consistency, and production readiness while supporting day-to-day creative projects.
